Dear Friends of Bamfield and Anacla,

The Bamfield Community School Association (BCSA) is preparing for our annual Oysters, Authors and Ale Auction fundraiser and would like to invite you to be a part of this celebration.

What is the Oysters, Authors and Ale Auction?

Oysters, Authors and Ale, now in its 8th year, is held every autumn to raise awareness about adult literacy and to generate funds for future community literacy initiatives. This cozy event gathers community members and guests to enjoy an evening showcase of novice and professional writers, great live music, a silent auction and, of course, a sampling of west-coast oysters and ales. This event takes place in the Rix Centre for Ocean Discoveries located at the Bamfield Marine Sciences Centre.

What is the Bamfield Community School Association and what do we do?

The Bamfield Community School Association is a non-profit society that resides within the tiny, but mighty Bamfield Community School. Our mission is to create, coordinate and improve access to learning and recreational opportunities for children, adults and families in Bamfield and Anacla. Our programs and services are designed to support personal development of residents of our remote community, making sure that everyone has access to the learning opportunities they need to fulfill their full potential.

Literacy-focused programming forms a cornerstone of our work and we also create opportunities for community members to get their minds and bodies active through organized sports, social events and lectures.

If you are interested in participating in this event, please contact BCSA Coordinator, Janessa Dornstauder at 250-728-1220 or bcsacoordinator@gmail.com in advance of our October 13th, 2018 event.

With gratitude,
Bamfield Community School Association
